Additional Instructions

Section references are to the Internal Revenue Code.

When should I complete the form? Complete Form W-4P and give it to the payer as soon as possible. Get **Pub. 919**, How Do I Adjust My Tax Withholding? to see how the dollar amount you are having withheld compares to your projected total tax for 2001.

Multiple pensions/more than one income. To figure the number of allowances you may claim, combine allowances and income subject to withholding from all sources on one worksheet. You may file a Form W-4P with each pension payer, but do not claim the same allowances more than once. Your withholding will usually be more accurate if you claim all allowances on the Form W-4P for the largest source of income subject to withholding.

Other income. If you have a large amount of income from other sources not subject to withholding (such as interest, dividends, or capital gains), consider making estimated tax payments using **Form 1040-ES**, Estimated Tax for Individuals. Call 1-800-TAX-FORM (1-800-829-3676) to get Form 1040-ES and **Pub. 505**, Tax Withholding and Estimated Tax. You can also get forms and publications at the IRS Web Site at www.irs.gov.

Note: Social security and railroad retirement payments may be includible in income. See **Form W-4V**, Voluntary Withholding Request, for information on voluntary withholding from these payments.

Withholding From Pensions and Annuities

Generally, Federal income tax withholding applies to the taxable part of payments made from pension, profit-sharing, stock bonus, annuity, and certain deferred compensation plans; from individual retirement arrangements (IRAs); and from commercial annuities. The method and rate of withholding depends on the kind of payment you receive. Also, because your tax situation may change from year to year, you may want to refigure your withholding each year. You can change the amount to be withheld by using lines 2 and 3 of Form W-4P.

Choosing not to have income tax withheld. You (or in the event of death, your beneficiary or estate) can also choose not to have income tax withheld from your payments by using line 1 of Form W-4P. For an estate, the election to have no income tax withheld may be made by the executor or personal representative of the decedent. Enter the estate's EIN in the area reserved for "your social security number" on Form W-4P.

However, you may **not** make this choice for eligible rollover distributions (discussed later). Also, this choice does not apply to certain recipients who have payments delivered outside the United States or its possessions. See **Payments Outside the United States** on page 4.

Caution: There are penalties for not paying enough tax during the year, either through withholding or estimated tax payments. New retirees, especially, should see **Pub. 505**. It explains your estimated tax requirements and describes penalties in detail. You may be able to avoid quarterly estimated tax payments by having enough tax withheld from your pension or annuity using Form W-4P.

Periodic payments. Withholding from periodic payments of a pension or annuity is figured in the same manner as withholding from wages. Periodic payments are made in installments at regular intervals over a period of more than 1 year. They may be paid annually, quarterly, monthly, etc.

If you want income tax to be withheld, you **must designate the number of withholding allowances on line 2 of Form W-4P**. (Under current law, you cannot designate a specific dollar amount to be withheld. However, you can designate an additional amount to be withheld on line 3.) If you do not want any income tax withheld from your periodic payments, check the box on line 1 of Form W-4P, and submit the form to your payer.

Caution: If you do not submit Form W-4P to your payer, the payer must withhold on **periodic payments as if you are married claiming three withholding allowances**. Generally, this means that tax will be withheld if your pension or annuity is at least \$1,280 a month.

If you submit a Form W-4P that does not contain your correct taxpayer identification number (TIN), the payer must withhold as if you are single claiming zero withholding allowances even if you choose not to have income tax withheld.

There are some kinds of periodic payments for which you **cannot** use Form W-4P because they are already defined as wages subject to income tax withholding. These payments include retirement pay for service in the U.S. Armed Forces and payments from certain nonqualified deferred compensation plans and state and local deferred compensation plans described in section 457. Your payer should be able to tell you whether Form W-4P applies.

For periodic payments, your Form W-4P stays in effect until you change or revoke it. Your payer must notify you each year of your right to choose not to have Federal income tax withheld or to revoke your election.

Nonperiodic payments—10% withholding. Your payer must withhold a flat 10% from nonperiodic payments (but see **Eligible rollover distribution—20% withholding** below) unless you choose not to have income tax withheld. Distributions from an IRA that are payable on demand are treated as nonperiodic payments. You can choose not to have income tax withheld from a nonperiodic payment by submitting Form W-4P (containing your correct TIN) to your payer and checking the box on line 1. Generally, your choice not to have income tax withheld will apply to any later payment from the same plan. You cannot use line 2 for nonperiodic payments. But you may use line 3 to specify an additional amount you want withheld.

Caution: If you submit a Form W-4P that does not contain your correct TIN, the payer cannot honor your request not to have income tax withheld and must withhold 10%.

Eligible rollover distribution—20% withholding. Distributions you receive from qualified pension or annuity plans (e.g., 401(k) pension plans) or tax-sheltered annuities that are eligible to be rolled over tax free to an IRA or qualified plan are subject to a flat 20% withholding. The 20% withholding is

required, and you **cannot** choose not to have income tax withheld for eligible rollover distributions. See Pub. 505 for more details. However, the payer will not withhold income tax if the entire distribution is transferred by the plan administrator in a direct rollover to a traditional IRA, qualified pension plan, or tax-sheltered annuity. Do not give Form W-4P to your payer unless you want an additional amount withheld. Then, complete line 3 of Form W-4P, and submit the form to your payer.

Payments Outside the United States

If you are a U.S. citizen or resident alien receiving periodic or nonperiodic payments that are delivered outside the United States or its possessions, withholding is required. You **cannot** choose not to have income tax withheld on line 1 of Form W-4P.

Other recipients, such as nonresident aliens, who have these payments delivered outside the United States or its possessions may choose not to have income tax withheld only if an individual certifies to the payer that the individual is **not (a)** a U.S. citizen or resident alien or **(b)** an individual to whom section 877 applies (concerning expatriation to avoid tax). The certification must be made in a statement to the payer under penalties of perjury. A nonresident alien who chooses not to have income tax withheld under section 3405 is subject to withholding under section 1441 and should complete **Form W-8BEN**, Certificate of Foreign Status of Beneficial Owner for United States Tax Withholding, if applicable.

Revoking Your "No Withholding" Choice

Periodic payments. If you previously chose not to have income tax withheld and you now want withholding, complete another Form W-4P and submit it to your payer. If you want income tax withheld at the rate set by law (married with three allowances), write "Revoked" next to the checkbox on line 1 of the form. If you want tax withheld at any different rate, complete line 2 on the form.

Nonperiodic payments. If you previously chose not to have income tax withheld and you now want withholding, write "Revoked" next to the checkbox on line 1 and submit Form W-4P to your payer.

Statement of Income Tax Withheld From Your Pension or Annuity

By January 31 of next year, your payer will furnish a statement to you showing the total amount of your pension or annuity payments and the total income tax withheld during the year on **Form 1099-R**, Distributions From Pensions, Annuities, Retirement or Profit-Sharing Plans, IRAs, Insurance Contracts, etc.

DEFINITION OF REPLACEMENT

In order to determine whether you are replacing or otherwise changing the status of existing life insurance policies or annuity contracts, and in order to receive the valuable information necessary to make a careful comparison if you are contemplating replacement, the agent/broker is required to ask you the following questions and explain any items that you do not understand.

As part of your purchase of a new life insurance policy or a new annuity contract, has existing coverage been, or is it likely to be:

- 1. Lapsed, surrendered, partially surrendered, forfeited, assigned to the insurer replacing the life insurance policy or annuity contract, or otherwise terminated? Yes No
- 2. Changed or modified into paid-up insurance; continued as extended term insurance or under another form of nonforfeiture benefit; or otherwise reduced in value by the use of nonforfeiture benefits, dividend accumulations, dividend cash values or other cash values? Yes No
- 3. Changed or modified so as to effect a reduction either in the amount of the existing life insurance or annuity benefit or in the period of time the existing life insurance or annuity benefit will continue in force? Yes No
- 4. Reissued with a reduction in amount such that any cash values are released, including all transactions wherein an amount of dividend accumulations or paid-up additions is to be released on one or more of the existing policies? Yes No
- 5. Assigned as collateral for a loan or made subject to borrowing or withdrawal of any portion of the loan value, including all transactions wherein any amount of dividend accumulations or paid-up additions is to be borrowed or withdrawn on one or more existing policies? Yes No
- 6. Continued with a stoppage of premium payments or reduction in the amount of premium paid? Yes No

If you have answered yes to any of the above questions, a replacement as defined by New York Insurance Department Regulation No. 60 has occurred or is likely to occur and your agent is required to provide you with a completed Disclosure Statement and the **IMPORTANT** Notice Regarding Replacement or Change of Life Insurance Policies or Annuity Contracts.
